Objective: *Include a one-line statement that captures your current career objective.*

Aptitudes: *What are your hobbies and personal interests?*

Match: *Does your career objective match your interests? If not, how might you change your objective?*

Education: *What type of education do you need to meet your career objectives (high school, college, graduate school, on-the-job training)?*

Related Work Experience: *List the types of work experiences that you might need to achieve your career objective. Are there any opportunities (volunteer or internships) that you could get while you are still in school that would give you this experience?*
